Theme:

Occupational Health – Challenges and Strategies

23rd - 24th July, 2022 (Saturday - Sunday)

Hotel Sayaji, Sayajiganj, Vadodara

Introduction

As our country progresses, the Occupational Health of its workforce becomes a matter of prime concern to all stakeholders. The focus is shifting to a more productive and healthy workforce and adopting best practices in the realm of OH. As a progressive nation, aiming to be one of the top economies, we will have to align with the International Labour Organization's (ILO) Global Strategy for Occupational Health for all.

IAOH Vadodara

IAOH Vadodara is a non-profit association of OH professionals. We are affiliated to the IAOH Headquarters. Our prime objective is to spread awareness and scientific knowledge of OH. We regularly conduct various trainings, seminars and workshops for OH Physicians and associated professionals to increase awareness, provide updates about the causes and results of occupational illnesses and their prevention. With a membership of 225, we are one of the most dynamic and active branch. We have organized IAOH National Conferences in 1955, 1968, 1980, 1990 and 2011. In February 2011, the 61st National Conference was organized in collaboration with the Directorate of Industrial Safety & Health (DISH) Gujarat. The Conference had ever highest 459 delegates. Dr RC Saxena, our present President, received the L&T Oration Award in 2013. We bagged the Best IAOH Branch award four times in past. We had organized GUJPARAMED-2015, a state level conference for paramedics. We had organized GUJCON-2016, a state level OH conference for OH professionals. We conduct a training programme for nurses, assistants and paramedics working in the field of OH. We prepare them to work in OHC, First Aid Centres, Dispensories. This programme is known as "**Medical Assistant Course**". So far we have trained 951 delegates in 46 batches. Now we are organizing state level OH conference "**GUJCON-2022**". DISH, Gujarat is facilitating and supporting our efforts, together with OH professionals, HSE and HR personnel, from all over Gujarat
