☎ : 9978908780    ✉ : iaohvadodara@gmail.com    🌐 : www.iaohvadodara.com

The Indian Association of Occupational Health, Vadodara (IAOH Vadodara) has consistently taken the lead in conceptualizing and developing industry-tailored educational and training programs for various medical professionals stationed in Occupational Health Centers/Health centers of Industries in Gujarat. In 2018, IAOH India introduced specialized guidelines for Adult vaccination during the Mumbai National Conference-OCCUCON 2018. After the COVID19 pandemic, Lots of Awareness has been generated about Adult vaccination and its Benefits to the Community at large. There is an urgent need to educate & create awareness about various aspects of Adult Vaccination amongst various stakeholders involved. Keeping this felt need in mind, IAOH Vadodara has designed a one-day State level conference on Adult Vaccination. Coined as "GUJCONVAC -2025", The One-day Conference will educate and upgrade to sensitize & educate all stakeholders in Adult Vaccination about need and significance to promote Adult vaccination in Industries. Senior and Experienced Faculty will impart knowledge and provide practical insights in various aspects of planning and implementing an Adult vaccination campaign in Industries and community at large.

In addition to the educational sessions, the conference will include interactive workshops where participants can actively engage in role-playing scenarios that simulate real-world vaccination campaigns. This hands-on approach will empower attendees to address common challenges & develop effective strategies to promote adult vaccination in their respective industries. Moreover, a panel discussion featuring industry leaders and public health experts will delve into the latest research and emerging trends in vaccination. This will serve as a platform for exchanging insights and best practices, reinforcing the importance of collaboration among stakeholders.

Networking opportunities will also be integrated throughout the conference, enabling attendees to connect with peers, share experiences, and foster partnerships aimed at enhancing vaccination outreach. By the end of the day, participants are expected to leave with a comprehensive understanding of the multifaceted approach needed to drive adult vaccination initiatives, ultimately contributing to a healthier workforce and community

## **OBJECTIVES**

- a) To plan and conduct a state Level Conference so as to sensitize & educate all stakeholders in Adult Vaccination about need & significance to promote Adult vaccination in Industries and study impact on them.
- b) To create a common platform for synergistic interaction and discussion amongst Stakeholders namely State Government, Regulatory body, Human Resources Community, Occupational Health Physicians / IAOH Members to work out an Action plan to work together.
- c) To discuss & work out strategies to plan and organize Awareness campaigns & Vaccination camps in a systematic and time bound manner.

# ABOUT ORGANIZING BODY

## IAOH Vadodara

Indian Association of Occupational Health, Vadodara (IAOH Vadodara) is a Non-Profit making Organization with an objective to promote Occupational Health & Safety in Gujarat. Affiliated to IAOH Headquarters, the Vadodara branch has been a very active and dynamic body which conducts a variety of courses, seminars and programs in field of Occupational Health for benefit of local Industries. Since 2004, The Branch has conducted Fifty -Four (54) batches of Medical Assistant course (MACOHC) and trained a total of 1064 personnel from more than 245 industries of Gujarat. Considering the wide spectrum of activities conducted by IAOH Vadodara was awarded four times the Best IAOH Branch at National Level in the years 2004, 2009, 2013 2017 & 2024. IAOH Vadodara has organized Five National Conferences (1955, 1968, 1992, 2011,2024) & 3 State Level Conferences (GUJPARAMED-2015, GUJCON 2016, GUJCON 2022) in Occupational Health since its inception in 1968. The last one -GUJCON 2022 (State Level Conference) held in July'22 in collaboration with Directorate of Industrial Safety & Health, Gujarat at Hotel Sayaji was an outstanding success with participation of 469 delegates. IAOH Vadodara has its own office and training its premises at 310 Labh Business Hub on Gorwa Karodiya Road, Vadodara With this milestone achieved, IAOH Vadodara would plan and conduct more teaching and training activities in field of Occupational Health and safety to cater to training needs of industrial sector of Gujarat. With a membership of 281, IAOH Vadodara continues to be one of the leading branches of IAOH in India marching towards a Journey to promote Occupational Health in Gujarat & India.
