INVITATION TO INDIA'S FLAGSHIP MULTIDISCIPLINARY & CROSS SECTOR FORUM ON OCCUPATIONAL HEALTH & SAFETY : OCCUCON-2023

Dear Friends,

On behalf of the Indian Association of Occupational Health (IAOH) Delhi, it gives us immense pleasure to invite you to the **73rd Annual National Conference of IAOH; OCCUCON-2023, NEW DELHI to be held at Constitution Club of India, New Delhi from 18 – 21 January 2023.**

Occupational Health practice is a multi disciplinary and multi sectorial activity involving Occupational Health and Safety Professionals, Occupational Hygienists, Occupational Psychologists, Employers, Employees, their Representatives, HR Professionals, Environment Specialists & Ergonomists.

Safety, you will agree, has a direct link to productivity. In fact **SAFETY IS PRODUCTIVITY**. Synergy & synchronisation of occupational health, safety and environment is therefore the key to business growth.

OCCUCON-2023, NEW DELHI will allow Occupational Health professionals to gain, update their knowledge & exchange information regarding employee safety, ergonomics, industrial hygiene & Occupational Health. This academic fiesta comprising of workshops & main conference will offer an excellent platform for exchange of ideas through cutting edge sessions. We are planning to invite the best in their fields as faculties and will surpass all in covering as many relevant topics as possible.

Do block the dates on your calendars and look forward to making the most in learning, meeting colleagues and making new friends.

We look forward to welcoming you at New Delhi.

Regards

Dr. Kamla Fartyal
Organising Secretary, OCCUCON-2023, NEW DELHI &
Group General Manager (Medical Services), NHPC Limited

OCCUCON-2023, NEW DELHI

Indian Association of Occupational Health (IAOH) & the executive committee of Association of Environmental & Occupational Health, Delhi (AEOHD – the Delhi Branch of Indian Association of Occupational Health) is pleased to announce that the 73rd Annual National Conference of IAOH, **OCCUCON-2023, NEW DELHI** is scheduled to be held during 18th – 21st January 2023 at The Constitution Club of India, New Delhi.

As India's flagship multidisciplinary & cross sector forum on Occupational Health & Safety, **OCCUCON-2023, NEW DELHI** will bring together policy makers, thought leaders, industry titans, international experts, management representatives, Health, Safety, Security, Environment, Wellness & associated professionals from the wide spectrum of the national, regional & global industries.

Themed “**Workplace Health, Well-being & Environmental Sustainability for Future-Ready Organisations**”, OCCUCON-2023, New Delhi would underpin the need for integration & synergy of occupational health with other key aspects of business continuity planning, environment, sustainability and governance (ESG) including but not limited to safety, security, emergency preparedness, disaster management, ergonomics, hygiene, wellness, gender equality, organization culture, noise, and air pollution etc.

**INDIAN ASSOCIATION
OF OCCUPATIONAL
HEALTH**

Nodal non-governmental organization committed to attain highest standards of occupational health in India by enabling stakeholders, influencing policy makers and creating community consciousness.

MISSION STATEMENT

IAOH is committed to enable occupational health professionals to make India's workplace healthy, safe and green-free from the ill effect of hazards, by evolving effective solutions.

GOALS

IAOH has over 3000 occupational health physicians, Industrial hygienists, Safety professionals, Social workers and counsellors to realize our future vision. In addition to strengthening our current activities, we plan to expand our scope to address the following broad objectives.

- ⊕ Create awareness about health, safety and environmental hazards of industrial process among the public, workmen and the management of the industry particularly in the unorganized and hazardous sectors.
- ⊕ Prepare time-bound projects for designing and implementing Occupational Health, Safety and Environmental protection in industry.
- ⊕ Assist industries in design and implementation of Occupational Health Services within their workplaces to improve the quality of healthcare in general and in occupational diseases in particular.
- ⊕ Start formal and informal training courses in Occupational health, Safety and Environment.
- ⊕ Publish scientific journals, periodicals, books, literature and produce films, videos and computer software relevant to the field of Occupational health, Safety and Environment.
- ⊕ Carry out research in Occupational Health, Safety and Environment, independently and in collaboration with other agencies with similar aims and objects.
- ⊕ Provide expertise in establishing Occupational Health Centres in and around industrial zones and in creating relevant protocols for health screening and for standards of fitness for work.
- ⊕ Liaise with the government and statutory agencies in drafting legislations in the matters of Health, Safety and Environment and its implementation.
- ⊕ Prepare a National Registry of Occupational Health, Safety and Environment Experts in collaboration with other agencies and provide such services to the industry.
- ⊕ Prepare software for Medical Records for Occupational Health, Safety and Environment to provide management information.
- ⊕ Collaborate with International agencies active in the field of Occupational Health for crossborder transfer of technology with reference to best practices in Occupational Health.
